Product Offerings

Experience and Service

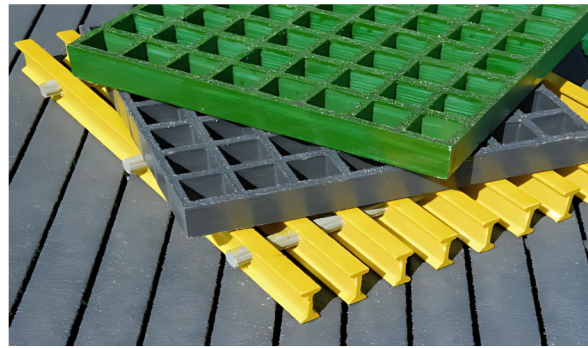

Smit Group LLC brings over 34 years of expertise in corrosion-resistant products to the table. With a strong background in composites, advanced fluoropolymer linings, and industrial coatings, we're well-equipped to help you tackle even the toughest corrosion challenges.

Turbine Intake – Staircase and Ladder.

Fiberglass Structures & Grating

We simplify design, fabrication, and OSHA compliance so you don't have to worry. From fiberglass staircases and handrails to walkovers, custom platforms, mezzanines, bridges, and process structures like pipe supports and stands, we handle it all. Our fiberglass structural projects can be fully designed and PE-stamped in all 50 states.

Fiberglass Reinforced Plastic Panels

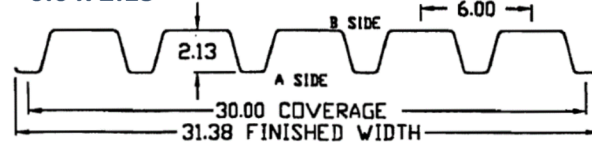

Engineered Composite Building Panels; Siding, Roofing & Form Deck.

Both FM and UL Approved. Regional Representative – Not a reseller.

7.2 x 1.5

6.0 x 2.13

8.0 x 3.5

Composite Wall or Ceiling Panels

NUDO PRODUCTS

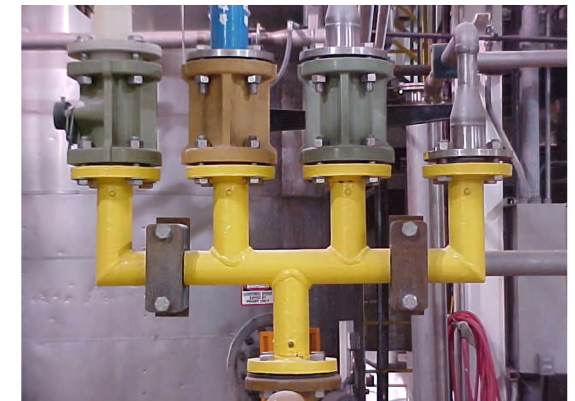

Clean rooms, labs, control rooms, or process areas. We have the walls and ceiling coverings for you.

Fiberglass Doors, Frames & Louvers

The finest Fiberglass Doors built for the harshest of environments. UL rated where needed.

Fluoropolymer Linings

Lined Pipe, Columns, Ductwork, Filters and Specialty Process Equipment. Including: Nozzle Liners, Diptubes, & Spargers.
